PROFILE

I'm Jack, an industrial designer creating consumer electronics and vehicle concepts where engineering precision meets human experience. Shaped by science fiction, my work transforms efficient, functional thinking into products built for the future.

EXPERIENCE

Xiaomi Auto Internship September-November 2025

Shanghai, China

- Collaborated with the design team to design the concept products for Xiaomi Electric vehicles' interior
- Collaborated with design teams to create concepts for the future EV supercharger

GTSP Internship September-December 2024

California, Los Angeles

- Collaborated with the design team to design the PDF layout for the project "Princess Lily Enchanted Mirror"
- Collaborated with design teams to redesign the "Princess Lily Enchanted Mirror."; Utilized Solidworks and Keyshot to refine the model
- Use the FDM and SLA 3D printer to print the mirror's prototypes to test the internal structure

SKILLS

Software

Illustrator, Photoshop, Indesign, Procreate, Figma, Solidworks, Keyshot, Blender, Gravity Sketch

Design

User Experience Research, Engineering Research, Brand Identity, Concept Development, Mind Mapping, Aesthetic Design, Problem Solving, Team Collaboration, Product Testing, Fast Prototyping, User Interface (UI) Design, Graphic Design, Open Design in Diversity, Quick Ideas, Test Design, Reinvent Previous Design, Hardware Design, Quick Prototyping

Communication

Cooperate with colleagues to create new design concepts
Demonstrate design concepts clearly and concisely to clients and team members

EDUCATION

ArtCenter College of Design
Pasadena, CA
Product Design, Bachelor of Science
Expected Graduation: August 2026

RECOGNITION

ArtCenter Gallery

Spring 2026 / Design Lab 3
Dremel Portable Vacuum
Summer 2025 / Design Lab 2
Razer Microphone
Spring 2024 / Product Design 3
Smart Station
Fall 2023 / 3D Modeling 2
Moka Express

ArtCenter 100 Scholarship
Summer 2026

LANGUAGE

Mandarin (Native)
English (Fluent)
